

Mrs. Oldfashioned:—Doctor, the hot weather completely prostrates me and I cannot do my housework. I want you to give me something that will give me back my strength.

Dr. Uptodate:—You do not need a tonic, buy a gas stove. You will lighten your work and your kitchen will always be cool.

Mrs. O:—What is your fee, doctor?

Dr. U:—The advice is worth a hundred dollars, but I will let you off for the regular fee.

For one week only, ending July 5th, this sale lasts. You want some pretty neckwear, don't you—particularly if you can get the prettiest kind at a bargain price. For example:

Embroidered Collars—5c. and upward.

Embroidered Silk Stoles—25c.

YEE CHAN & CO. King and Bethel Sts.

Silk Shirts

ALSO

All Kinds of Hats for
the Holidays.

IWAKAMI, Hotel Street.

ABOUT THE CHOPPING OF YOUR FOOD

Housewife, you are economical and enterprising. Consequently, we know you will buy on first sight an **ENTERPRISE MEAT AND FOOD CHOPPER**. Its excellence is attested to by its adoption in the United States Army and hundreds of American households.

Today, meat choppers are rightly considered invaluable. Without them innumerable delicacies for the table could not be satisfactorily prepared. They also prevent a great waste.

We'll show you our three sizes—the \$1.75, \$2.50 and \$3.50; one of which you'll take. Household department up-stairs.

E. O. Hall & Son, Ltd.

FORT AND KING STREETS.

LADIES' BEAUTIFUL EVENING COATS IN SILK CREPE

Grass Linen, Silk, Crepe and Lawn Waist
Patterns

New Silks and Crepe
Wood Shaving Doilies

AT THE JAPANESE BAZAR

BUTTERNUT BREAD

made with milk and so nearly like homemade you cannot tell the difference.

We deliver daily to your house.

The Palm Cafe

116 Hotel Street.

Phone, Main 311.

AT BREAKWATER ON WEDNESDAY

Congressional Party in Hilo—
Account of Tour on
Hawaii.

(Wireless Telegram.)
Hilo, July 3, 1927.
To Acting Governor Atkinson.

Party for crater yesterday went to the Koa forest in a special train. Made Hilo at 6 a. m. See breakwater at 6 p. m. When does the transport leave for Manila? All well.

CONKLING.

From the foregoing it is made known that the Congressional party had the advantage of two days in the bracing climate of the Volcano House section for recuperation from hard driving and riding across country.

Chief Clerk Conkling, the party's guide, philosopher and friend, in a letter to Acting Governor Atkinson, says the party had "a daisy trip" from Kona to Kau. Reverting to the departure from Maui he gives the following details of travel since:

"After leaving Baldwin's at Spreckelsville the party was sent down by special train to McGregor's Landing. Taking the Mauna Loa, which was chock-a-block full—people all over the deck—the ladies of the party were made comfortable in the captain's room and the menfolk were provided for in nice staterooms.

"We had a fearful night in the channel and I was glad when we reached Mahukona. At Kailua we got into two hacks and Mr. Bruner was there, also, with his automobile.

"After an inspection of Kailua and the palace we started for the mauka road. We divided into three parties for luncheon. Mr. Bruner took Mr. McKinney and wife and Mr. Higgins. Mr. Macfarlane took Mr. Cox. Miss Nellis, young Hatch, Mr. and Mrs. Reynolds and I went to Mrs. Greenwell's.

"After luncheon we drove to Napoos, where Mr. Leslie put his house at the disposal of the visitors. We had a sea bath and then went to the Cook monument and the burial caves.

"This morning we arrived at Honuapo at 5 a. m. where the sea was almost calm. We drove to Pahala, where Manager Ogg of the Hawaiian Agricultural Co. had a fine chicken breakfast ready for us. Leaving Pahala at 11 o'clock we reached the Halfway House at about 1 o'clock and stopped to partake of a light luncheon prepared by Ben, steward of the Mauna Loa.

"We reached here (Volcano House) about 4 o'clock. Sam Parker and his family are coming up tomorrow, and Wednesday evening we are to be entertained by them at supper at Hilo.

"Uncle Bill Cox remained at Pahala with Mr. Ogg as, both being farmers, they struck up quite a friendship. Mr. Ogg will forward the Representative from Oyster Bay in a day or two.

"The members of the party are dead tired but proud of the pace they have kept up. They will probably stay here until Wednesday."

PROGRAM FOR NEXT WEEK.

The visiting Congressmen will return from Hawaii on the Kinau on Saturday next and will be given an opportunity to rest up after their strenuous time on the big island, the Oahu Congressional entertainment committee, which held a meeting yesterday afternoon, deciding that nothing in the way of formal entertaining would be attempted for Saturday or Sunday. At the meeting yesterday were present J. F. Morgan, the chairman; George W. Smith, J. A. McCandless, J. R. Galt and George B. McClellan.

On Monday, the 8th, the party will leave town at 9:30 in the morning for Wahiawa and Haleiwa, continuing around the island, returning to town sometime on Tuesday. On Wednesday the men in the party will be taken to the Honolulu Iron Works, the ladies being given an opportunity to do what they may desire and in the afternoon the party will attend one of the polo practice games at Moanalua, the arrangements for this being turned over to W. F. Dillingham.

The visit to Pearl Harbor will be made if possible on the tug Iroquois on Thursday, the day to be spent at the Peninsula and in cruising about the lochs. J. R. Galt was selected by the committee as the man to arrange for and manage this trip. On Thursday evening a public reception to the members of the visiting party will be given at the Moana hotel, where the party will be staying. The reception will begin at 8 o'clock. The arrangements for the reception are being looked after by J. A. McCandless.

On Friday, the last day the party will be in Honolulu, the morning will be spent at the Bishop Museum, Frank Dodge to pioneer the way about the exhibits, and in the afternoon George W. Smith will take the party in hand and initiate them into the mysteries and delights of surfing and canoe riding at Waikiki.

The party will sail for the Orient on Saturday, provided the transport Sherman, due to arrive on the 13th, is ready to sail on that day.

According to these arrangements only one evening next week is taken up in any formal way by the committee while the party is in the city, thus leaving Saturday, Tuesday, Wednesday and Friday nights open for whatever private entertaining may be contemplated.

Honolulu Gas company has reduced the price of Gas from \$2 to \$1.50 per thousand feet.

A WARNING TO MOTHERS.

Too much care can not be used with small children during the hot weather of the summer months to guard against bowel troubles. Give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipency and all danger avoided. Sold by all dealers. Benson, Smith & Co., Ltd., agents for Hawaii.

MYRTLES WIN IN SWIMMING RACES

Good Program Is Given at the
Hotel Baths by Boat
Clubs.

The swimming competition between the Myrtles and the Healanis was won by the former club easily, though the competitions in the various events were close and the evening was a great success. The event which pleased the crowd more than any other was the comic stunts done in the water by a team from the Diamond Head Athletic club. They went through a number of most amusing freak tricks which were enough to make a sick man laugh till he was much worse off than before.

Peanuts, the little native youngster, who appeared in public for the first time last night, scored a great success. His diving was very clever for such a small boy and his swimming was by long odds the most graceful of any seen during the evening.

The water polo game resulted in a tie, 1-2. The Healanis scored in the first period through a goal made by Archie Robertson, who was the cleverest performer in the tank. The Myrtles evened up the score in the second period and the honors remained even when the game was over. The Myrtle team took especial pleasure in ducking Robertson whenever there was an opportunity and when he came up blowing and spouting out the water which he had swallowed, he was worth the price of admission alone. He got his revenge, however, for whenever he was at hand and a Myrtle player had the ball, it was 23 for the Myrtle player and Robertson never lost an opportunity. He was ably seconded in his game by Clarke and Oss. For the Myrtles the best game was played by Townsend, Davis and Cooper, the latter being especially active.

The relay race was a walkover for the Myrtles. In the first lap Beckert got a lead of ten feet and though Cunha gained for his team when his turn came and the other members of the team did all that they could, there was no chance to win out. Dodge, the last man for the Myrtles won by fully half a lap.

O'Sullivan should have won the 25-yard dash but he did not follow a straight course and Cooper beat him out in a hot finish. Robertson did some pretty work in the plunge, beating out the records which he has made in practice and finishing first, with the good distance of 50 feet 10 inches.

Before the races took place the band played in front of the baths and the Fourth of July was given its first announcement through a display of fireworks.

The summary:
Twenty-five-yard dash—Won by Cooper, Myrtle. Time, 12 3-5 sec.
Fifty-yard dash—Won by Dodge, Myrtle. Time, 28 sec.

Seventy-five-yard dash—Won by Cunha, Healanis. Time, 48 sec.

One-hundred-yard dash—Won by Center, Myrtle. Time, 1 min. 12 3-5 sec.

Relay race for distance—Won by Robertson, Healanis. Distance, 50 feet 10 inches.

Relay race, 300 yards—Won by Myrtle (W. Cooper, F. Dodge, J. Kennedy, G. Beckert, S. Davis, Padigan). Time, 3 min. 2 sec.

SCOTTY'S BIRTHDAY CELEBRATION TODAY

Today is the first anniversary of the opening of the Royal Annex restaurant and Host Scotty will celebrate the occasion properly by the giving of a midday and a dinner feast to his patrons. Although "Scotty's" has only been running for a year the patronage it has received is evidence of the fact that particular Honoluluans are ready and willing to patronize and support a restaurant well run and a place where it is known that a good dinner and an appetizing lunch can be had every day out of the three hundred and sixty-five. The majority of those who dine at the Annex are regular and steady patrons who not only go there themselves but invite their friends, knowing that good service, tastily prepared dishes and pleasant surroundings can be depended upon. Much of the success of the Annex is due to the supervision exercised at all times by Mrs. Weston, who sees that everything in connection with the place is properly conducted and that good and prompt service is rendered. The success of "Scotty's" is shown by the fact that at the end of this his fiscal year he has found it necessary to practically double the number of his tables. In connection with the change he is also having the dining-rooms redecorated, changes which will make the Annex one of the most attractive dining halls in town and still more worthy of the patronage of the more particular diners.

The Empress of Japan has been reading some European plays and she does not like them. She believes that they deal with forbidden subjects and must lead to dangerous meditations. The freedom with which women in them are represented as expressing their opinions in public, giving vent to their most intimate sentiments and putting their handkerchiefs over their eyes and weeping before people is said to strike her as quite incomprehensible.

"Excuse me, sir," remarked the weary wayfarer, "but I don't know where my next meal is coming from." "Neither do I," replied the prosperous-looking individual. My cook left this morning, too."—Philadelphia Record.

The Greatest Doctor on Earth

Nature is the greatest doctor on earth. When she can't cure it is because she needs aid. Now, most people have an idea that this aid is drugs, and when they get sick or suffer from pain of any kind they proceed to dose their stomachs with the stuff that is sold for medicine. That doesn't help any; in fact, it does a great deal of harm. The dose that you put into your stomach is poison and poison weakens the organs and nerves of your body.

What Nature needs is electricity. When your stomach, kidneys, liver or digestive organs get out of order, it is because they lack the necessary electricity to enable them to perform their regular functions. The breaking down of one of these organs nearly always causes other trouble. Nature can't cure them, because your body hasn't enough electricity to do the work, so you must assist Nature by restoring this electricity where it is needed.

My Electro-Vigor does this while you sleep. It saturates the nerves with its glowing power, and these conduct the force to every organ and tissue of your body, restoring health and giving strength to every part that is weak.

Electro-Vigor is not an electric belt. It is a dry cell body battery, and makes its own power.

When I began your treatment my whole system was broken down. I had kidney and bladder trouble, rheumatism that always follows kidney trouble, weak stomach, varicocele and general debility. Drugs did me no good.

As for results of the use of Electro-Vigor, I will say that I am well and hearty, every organ works properly, and I have no pain. J. L. COLWELL, West Butte, Cal.

I Give it Free

Get my 100-page book describing Electro-Vigor and with illustrations of fully-

developed men and women, showing how it is applied. This book tells in plain language many things you want to know, and gives a lot of good, wholesome advice for men. I'll send this book, prepaid, free, if you will mail me this coupon.
